Glendale, AZ 85301

City Council Workshop Agenda

Mayor Jerry Weiers
Vice Mayor Ian Hugh
Councilmember Jamie Aldama
Councilmember Samuel Chavira
Councilmember Ray Malnar
Councilmember Lauren Tolmachoff
Councilmember Bart Turner

Tuesday, April 5, 2016 | **1:30 PM** | **Council Chambers**

Regular Workshop

One or more members of the City Council may be unable to attend the Workshop or Executive Session Meeting in person and may participate telephonically, pursuant to A.R.S. § 38-431(4).

CALL TO ORDER

WORKSHOP SESSION

1. 16-133

PRESENTATION ON WESTERN AREA BRANCH LIBRARY CONCEPT
Staff Contact and Presenter: Erik Strunk, Director, Community Services
Staff Presenter: Michael Beck, Chief Librarian, Community Services
Guest Presenter: Ms. Paula Wilson, Chairperson, Library Advisory Board
Guest Presenter: Mr. Michael Schmitt, Principal Architect, Dick & Fritsche Design Group

Attachments: Public Outreach Items

2. 16-130

PAVEMENT MANAGEMENT PROGRAM PRESENTATION
Staff Contact and Presenter: Jack Friedline, Director, Public Works
Staff Presenter: Vicki Rios, Interim Director, Finance and Technology
Staff Presenter: David Beard, City Engineer
Staff Presenter: Max Morales, Streets Superintendent

3. 16-123

COUNCIL ITEM OF SPECIAL INTEREST – BOARDS AND COMMISSIONS
Staff Contact and Presenter: Michael D. Bailey, City Attorney

Attachments: Boards and Commissions Summary Final 3.15.16

4. 16-153 OVERVIEW OF AEG FACILITIES' ARENA MANAGEMENT
Staff Contact: Tom Duensing, Assistant City Manager
Guest Presenter: Mr. Chuck Steedman, AEG Facilities, Chief Operating Officer
Guest Presenter: Mr. Matt Bettenhausen, AEG Facilities, Chief Security Officer
Guest Presenter: Mr. Eric Bresler, AEG Facilities, Vice President, Content Development

CITY MANAGER'S REPORT

This report allows the City Manager to update the City Council. The City Council may only acknowledge the contents to this report and is prohibited by state law from discussing or acting on any of the items presented by the City Manager since they are not itemized on the Council Workshop Agenda.

CITY ATTORNEY'S REPORT

This report allows the City Attorney to update the City Council. The City Council may only acknowledge the contents to this report and is prohibited by state law from discussing or acting on any of the items presented by the City Attorney since they are not itemized on the Council Workshop Agenda.

COUNCIl ITEMS OF SPECIAL INTEREST

Councilmembers may indicate topic(s) they would like to have discussed by the Council at a future Workshop and the reason for their interest. The Council does not discuss the new topics at the Workshop where they are introduced.

MOTION TO GO INTO EXECUTIVE SESSION

1. CALL TO ENTER INTO EXECUTIVE SESSION

EXECUTIVE SESSION

1. LEGAL MATTERS

A. The City Council will meet with the City Attorney for legal advice, discussion and consultation regarding the city's position in pending or contemplated litigation, including settlement discussions conducted in order to avoid or resolve litigation. (A.R.S. § 38-431.03(A)(3)(4))

B. Council will meet to discuss and consider records exempt by law from public inspection and are specifically required to be maintained as confidential by state or federal law. (A.R.S. § 38-431.03(A)(4))

2. LEGAL MATTERS - PROPERTY & CONTRACTS

A. Discussion and consultation with the City Attorney to receive legal advice and consider its position and provide instruction and direction to the City Attorney regarding Glendale's position relating to the management of the Gila River Arena (A.R.S. § 38-431.03(A)(3)(4))

3. PERSONNEL MATTERS

A. Various terms have expired on boards, commissions and other bodies. The City Council will be discussing appointments involving the following boards, commissions and other bodies. (A.R.S. § 38-431.03(A)(3)(4))

1. Arts Commission
2. Aviation Advisory Commission
3. Board of Adjustment
4. Citizens Bicycle Advisory Committee
5. Citizens Transportation Oversight Commission
6. Commission on Persons with Disabilities
7. Community Development Advisory Committee
8. Glendale Municipal Property Corporation
9. Historic Preservation Commission
10. Industrial Development Authority
11. Judicial Selection Advisory Board
12. Library Advisory Board
13. Parks and Recreation Advisory Commission
14. Personnel Board
15. Planning Commission
16. Public Safety Personnel Retirement Board/Fire

17. Public Safety Personnel Retirement Board/Police

18. Risk Management/Workers Compensation Trust Fund Board

19. Water Services Advisory Commission

B. The City Council will meet to discuss and consider the City Manager's performance evaluation. (A.R.S. § 38-431.03(A)(1))

Upon a public majority vote of a quorum of the City Council, the Council may hold an executive session, which will not be open to the public, regarding any item listed on the agenda but only for the following purposes:

(i) discussion or consideration of personnel matters (A.R.S. § 38-431.03(A)(1));
(ii) discussion or consideration of records exempt by law from public inspection (A.R.S. § 38-431.03(A)(2));
(iii) discussion or consultation for legal advice with the city's attorneys (A.R.S. § 38-431.03(A)(3));
(iv) discussion or consultation with the city's attorneys regarding the city's position regarding contracts that are the subject of negotiations, in pending or contemplated litigation, or in settlement discussions conducted in order to avoid or resolve litigation (A.R.S. § 38-431.03(A)(4));
(v) discussion or consultation with designated representatives of the city in order to consider its position and instruct its representatives regarding negotiations with employee organizations (A.R.S. § 38-431.03(A)(5)); or
(vi) discussing or consulting with designated representatives of the city in order to consider its position and instruct its representatives regarding negotiations for the purchase, sale or lease of real property (A.R.S. § 38-431.03(A)(7)).

Confidentiality

Arizona statute precludes any person receiving executive session information from disclosing that information except as allowed by law. A.R.S. § 38-431.03(F). Each violation of this statute is subject to a civil penalty not to exceed $500, plus court costs and attorneys' fees. This penalty is assessed against the person who violates this statute or who knowingly aids, agrees to aid or attempts to aid another person in violating this article. The city is precluded from expending any public monies to employ or retain legal counsel to provide legal services or representation to the public body or any of its officers in any legal action commenced for violation of the statute unless the City Council takes a legal action at a properly noticed open meeting to approve of such expenditure prior to incurring any such obligation or indebtedness. A.R.S. § 38-431.07(A)(B).

File #: 16-133, **Version:** 1

PRESENTATION ON WESTERN AREA BRANCH LIBRARY CONCEPT
Staff Contact and Presenter: Erik Strunk, Director, Community Services
Staff Presenter: Michael Beck, Chief Librarian, Community Services
Guest Presenter: Ms. Paula Wilson, Chairperson, Library Advisory Board
Guest Presenter: Mr. Michael Schmitt, Principal Architect, Dick & Fritsche Design Group

Purpose and Recommended Action

This is a request for City Council to review and provide guidance on a potential Western Area Branch Library Concept. Specifically, staff is seeking further Council direction whether to move forward with a recommendation to possibly construct a new prefabricated, modular Western Branch Library at Heroes Regional Park or re-purpose and operate a new library on the third floor of the Glendale Media Center.

Background

At the request of Councilmember Turner at the March 17, 2015, Council Workshop, staff was asked to analyze the feasibility of potentially using a portion of the existing Glendale Media Center (KGLN Channel 11) into which a Western Area Branch Library could be located. As a part of this analysis, the current scope of existing public library services was reviewed with the Library Advisory Board (LAB) at its August 8 and September 9, 2015 meetings. At these meetings, the LAB also reviewed and discussed several other possible options for location, service and programs.

The LAB unanimously (6-0) voted at its September 9, 2015 meeting in favor of a modular building at the Heroes Regional Park. Shortly thereafter, staff presented the item to the City Council on October 20, 2015, and received direction to explore the pre-fabricated, modular Heroes Park concept, in addition to further consideration of the using the third floor of the Media Center's as a library.

To assist with this endeavor, the architectural firm of Dick and Fritsche Design Group was hired in January 2016 to develop Site Feasibility Studies for both concepts, including assistance with a public participation process and the development of more comprehensive construction cost estimates. Now that this work has been completed, staff, the LAB chairperson, and representatives from the architectural firm will make a presentation to the City Council at today's workshop session.

Analysis

A. Service Assumptions

To provide a consistent "across the board" analysis for each of the two options, staff developed a series of comparative variables that could be applied to either of the potential sites under consideration. They are as

follows:

1. Size - In keeping with the space available currently at the Glendale Media Center, all comparisons were based on a 7,500 - 8,000 square foot range.

2. Hours of Operation - A standard and consistent service model base was developed and based on a 40-hour per week operation that would result in the new Western Area Branch Library being open six days a week - Monday (12 p.m. -8 p.m.), Tuesday (10 a.m.-6 p.m.), Wednesday (12 p.m. - 8 p.m.), Thursday (10 a.m.-6 p.m.), Friday (1 p.m. - 5 p.m.), and Saturday 1 p.m. - 5 p.m.. The library would be closed on Sunday.

3. Programs and Services - After review of US Census information, Maricopa Association of Governments (MAG) population information and analysis of annual Library customer surveys, the following scope of general services would be provided at a Western Area Branch Library: it would host a 25,000-volume collection based on consumer demand; provide dedicated areas for technology & technological access; develop early literacy programs; support small business-entrepreneurial literacy; establish green screen/digital media programming & equipment (either at a new Western Branch Library and/or by partnering with Channel 11 for the periodic use of its facility); provide a multi-purpose room for library programs; and materials could be ordered and delivered to patrons within 24-48 hours. These service areas would also be reflective of three major themes shared by the public during the exploration of the Foothills Library Branch relocation discussion earlier this year - that Glendale libraries need to: a) provide programs and materials for children; b) provide a balanced blend of books, materials and technology; and c) embrace the importance of being a community gathering place.

4. Operating Expenses - To provide suitable staffing levels and all other ongoing operating expenses and maintenance costs for a 40-hour per week library operation, it is estimated that it would cost approximately $600,000 per year.

5. Capital Expenses - There are currently no bond monies or additional General Funds available for the construction of a Western Area Branch Library. Unless other funds in the City budget are re-prioritized by Council for this concept, the only available funds are Development Impact Fees (DIF) that have been collected specifically for new library services. In total, this amounts to approximately $4,522,827. Of this amount, approximately $1.8 million have been encumbered over the next four years in the City Capital Improvement Plan (CIP) for new books and materials purchases related to population growth, with the balance ($2.7 million) slated for growth related enhancements to the Library System (which can include the construction of a new library facility). It is important to note that the $1.8 million in funds currently earmarked for new books and materials can also be used for construction related expenses should a decision be made to move forward with a Western Area Branch Library. However, if so, it would result in a reduction to the amount available for new book and materials purchases. By law, these funds have to be expended or obligated for eligible growth-related library expenses by January 1, 2019. If not, the DIF funds must be refunded.

B. Review of Options by Library Advisory Board

As indicated, staff presented the two options to the LAB on February 10, 2016 and March 9, 2016; to the Parks

and Recreation Advisory Commission on March 14, 2016; and at a final joint meeting of both commissions on March 26, 2016. What follows is a recap for both concepts:

1. Media Center: This concept would be to locate a Western Area Branch Library on the vacant third floor of the existing Glendale Media Center. There was general consensus among members that there may be too many operational issues with a Media Center Library option.

- The lack of sufficient and convenient access to parking under current agreements
- As designed, the building ingress/egress is not convenient to the public as a library site
- There could be up to approximately 70 event dates that may disrupt service and access
- The Media Center is located in a retail/commercial area and not a neighborhood-setting

2. Pre-fabricated/Modular Buildings at Heroes Park: This concept would result in the location of a 7,500 - 8,000 square foot pre-fabricated structure located directly across from the existing X-Court and splash pad/playground area of Heroes Regional Park. Board and commission members expressed its interest and support of this concept. Among the points raised include -

- The use of a pre-fabricated/modular building and design components would be flexible
- Pre-fabricated/modular building could be designed to complement Heroes Park
- Safer surroundings inside park, public safety facility would be adjacent
- The location would be in the" heart" of the surrounding neighborhoods
- There would be room for growth and expansion over time
- It would enhance the area's quality of life
- The location honors the original library plans and site location
- With park location, the library would be very visible and have patronage
- It is an established model for providing library service (i.e. Aguila Branch in Wickenburg)
- Green screen and technology could be added
- It would not have to compete against special events and parking restrictions
- Seems to be the most feasible option - there would be good public will

C. Recommendation

At the March 26, 2016 special joint meeting of the Library Advisory Board and the Parks and Recreation Commission, there was consensus that should a possible Western Area Library Branch be funded, it would be more neighborhood and user-friendly to use pre-fabricated/modular-style building construction for a new facility at Heroes Regional Park. Staff concurs with this recommendation and the results of the recent public outreach efforts also corroborate this.

D. Public Outreach Strategy

As indicated, the City Council provided direction to move forward with further assessment of a Western Area Branch Library at its October 20th meeting. A key portion of this initiative was to provide the general public with the opportunity to provide comment and feedback on the proposed concepts and the types of library service and programs it would find beneficial. Staff conducted a varied-format public outreach strategy from

February 1 - March 26, 2016. The plan was approved by the Library Advisory Board at its January 13th meeting.

As such, based on staff recommendation at its January 13th meeting, the Library Advisory Board approved and sponsored a series of public outreach sessions earlier this year that included:

- Two open-house public meetings were held in the Yucca District on February 24 and 27
- Four separate board and commission meetings
- Advertised public meetings in the Glendale Star and Arizona Republic
- Provided physical surveys at each branch location, Gallery Glendale
- Created a special website to provide opportunity for input
- Created a telephone hotline with voicemail capability
- Online user-surveys through our social media and website outlets

Community Benefit/Public Involvement

This item was first raised as a Council item of interest at the Council meeting of March 17, 2015. Regular public updates related to this were made at the April, May, and June 2015 Library Advisory Board meetings. A detailed discussion of the item was conducted at special public meeting of the Library Advisory Board on August 8, 2015 and the item was further discussed and voted on at the September 9, 2015 Board meeting. Staff presented at Council workshop on October 20, 2015 on the various concepts and received direction to focus on Heroes Park and the Media Center conceptual options.

Approximately, thirty people collectively attended the two open-house meetings held on February 24 and February 27. Staff and the design firm has presented to the Library Advisory Board at its February 10 and March 9 meetings on its findings, updated conceptual designs and the public participation feedback. The item was also presented to the Parks and Recreation Advisory Commission on March 14. A special joint meeting of the item was conducted by the Library Advisory Board and Parks and Recreation Advisory Commission on Saturday, March 26. To date, over one-hundred thirty completed citizen surveys have been submitted to staff. Citizens' feedback reflected that 59% preferred the Heroes Park modular library option while 8% preferred the Media Center. Citizens not expressing a preference amounted to 33%.

Budget and Financial Impacts

If directed by Council to pursue a Western Area Branch Library, as recommended by the Library Advisory Board, the annual operating expense would amount to approximately $600,000. These funds would be in addition to current funding levels required by the Community Services Department to function. Development Impact Fees (DIF) would be used to provide construction funds for a new facility, of which there are approximately $2.7 million available. It is also conservatively estimated that a new branch library would generate approximately $35,000 year in room rentals, fines and fees.

No.	City:	Zip Code:	Council District:	What would you consider to be the most important aspect of the Western Area Branch Library's space and layout? (Please check all that apply)	Please list any library services not mentioned above that you would like to have at the Western Area Branch Library:
1	Glendale	85303	Ocotillo	Designated spaces/areas for group meetings, quiet study, or library programs and performances	access to and availability of the Librarians (people) knowledge author signing events
2	Glendale	85305			

Western Area Branch Surveys
Through March 25, 2016

No.	City:	Zip Code:	Council District:	What would you consider to be the most important aspect of the Western Area Branch Library's space and layout? (Please check all that apply)	Please list any library services not mentioned above that you would like to have at the Western Area Branch Library:
3	Glendale	85303	Yucca	Designated spaces/areas for group meetings, quiet study, or library programs and performances	A small cafe is really nice, but I understand that's not necessarily a high priority. Charging stations for laptops and cell phones = being able to stay longer at the library and get more work/study done. It would be helpful to have access to a scanner.
4	Glendale	85303		Designated spaces/areas for group meetings, quiet study, or library programs and performances	Disability programs Mentoring Environment Community / garden
5	Glendale	85306	Barrel	Designated spaces/areas for group meetings, quiet study, or library programs and performances	Not mentioned above is ease of access for mobility impaired patrons. In the Glendale 11 Media Center proposal, I believe it is almost a 1/4 mile walk from the parking structure to the front door. That is simply unacceptable. Also, unless I am reading the plans wrong, patrons would need to cross several traffic areas/loading zones to get access to the library. Running a gauntlet is fun in movies and zombie novels, not when trying to get to a city building. I also question if the Media Center plan is ADA compliant.

32	Glendale	85303	Yucca	Designated spaces/areas for group meetings, quiet study, or library programs and performances	While I understand what is trying to be done--give much needed library service to Western area, I am dismayed that the hours have not been restored at the other libraries! I looked at the plans, & it appears the Media Center would not be a good option since there is another option. Media Center would be very difficult for patrons to get to when there are events at the stadiums. Having to staff & navigated different floors would be difficult with limited staff. However, if a "temporary" double wide is erected, when will a permanent library be constructed on that site? The western area ALWAYS gets short changed when it comes to City Services. The spaces of the children's, teen and adult areas looks very small. I'm not much for double wides--gives the appearance of a "poor" area. However, it would give residents access to some library services no matter how small. Input that I have received from western area residents is that as usual they are being shortchanged.

185	Glendale	85304	?	Designated spaces/areas for group meetings, quiet study, or library programs and performances	
186	-	-		Either would be fine -- whatever works best	I understand the need for a Western Area Library but I am only 3-4 miles from VT Library & I live at 83 & Maryland. I would be happy if they would just extend the days & hours of VT to make it more convenient. I believe we could do without a new library & I am a regular, consistent user of the library.

No.	City:	Zip Code:	Council District:	Please provide any additional comments:
1	Glendale	85303	Ocotillo	I prefer the Heroes Regional Park location for its easy access which wouldn't be compromised during busy shopping or event days. Set hours for the library are important to me because I would not even attempt to go to the library if I didn't know until arrive that it was open or closed. My mother lives in the Yucca district and the Heroes Regional Park location will be convenient to visit and to return library materials.
2	Glendale	85305		I have been a homeowner in this area for 19 years and I have been waiting so long for this library. Too late for my daughter, I am now on to my grandson and I still wait for this library. Has anyone given one ounce of thought as to how difficult it will be to get to a library on the corner of 94th and Maryland? It IS very restricted during EVENTS! I have NO problem with EVENTS, but I will if I have to drive through hell just to get to the library. I have learned to STAY AWAY from that area during EVENTS. I would NOT use that library. Has anyone realized that the traffic on the East side of 91st Ave and Maryland CAN NOT cross 91st Ave and continue west? Our choices are only North or South. How would we get to the library? We would have to go ALL THE WAY around and have to deal with Westgate and Tanger traffic just to return books! Heck NO, I would not use that library. Has anyone used the overpass coming off Loop 101 on to Maryland? It's carpool only and has restricted hours of open use. I strongly encourage anyone who thinks The Media Center is an ideal location for a Public Library to come visit me and I will show you just how COMPLICATED it will be to get to that library site. And please, let's make sure it is during a Home NFL Game, let's just see how close we can get to the proposed library on 94th and Maryland. It does not take a genius to pull up the greater area on Google Maps to see that Glendale Hero's Regional Park is the logical choice. it will serve several neighborhoods and not just a few that live within Westgate. By the way, how many children do live in the immediate Westgate condos and apartments? If the City of Glendale is going to "cheap out" and use an "existing 3rd floor", I personally would not even bother proceeding with it. Children won't be able to "run and play" in a 3rd floor establishment and parking would be quite far from the front door. Good question, where in the world would one be able to park? Will one have to PAY to park just because there is an event either at the Stadium or Arena. Now, speaking of children, a park is where they can run and play during a visit to the library. The other Glendale Library Branches have parks and additional outside areas to enrich their little minds. A parking garage IS NOT A SAFE place for children. If the City of Glendale can waste MILLIONS of dollars on lawsuits, Spring Training facilities (which sit unused 97% of the time) and several other FAILED projects, then they can build a proper library which was proposed to the tax paying residents decades ago.

3	Glendale	85303	Yucca	Thank you!
4	Glendale	85303		
5	Glendale	85306	Barrel	I feel that it is more important for the City of Glendale to invest in it's existing libraries, before building another location that will be neglected once the "new toy" element has faded. The disrespect that the council has shown this key service is shameful. Library staff is overworked and under appreciated. The current library hours are inconsistent and inconvenient. The current facilities are becoming outmoded and shop worn. I have been a library patron since relocating to Glendale in 1999, and I have seen what was once the best library system in the Valley become a shadow of it's former self. I would hate for the council to open a new library, just to see it suffer the fate of the three existing branches.

6	Glendale	85304	Saguaro	
7	Glendale	85303		
8	Litchfield Park	85340	ex Yucca	Since the late 1980's the city has promised a library in the Yucca District. Bond elections included wording about a "western area" library." Because the mayor and one councilman were from the same northern district, the bond funds were diverted year after year to fund the councilman's pet project. Then the library CIP funds were deferred to start a new court house which has now been placed on hold. The residents of the southern part of the city chose, by petition, to become part of Glendale instead of part of Phoenix; their property taxes supplied a high percentage of city funds for many years, and they have supported the city both emotionally and financially. The city's general plan has included a library at 83rd and Bethany during several voting adoptions of the plan. It is well past time to live up to the promises of the city and to the wishes of the voters and to construct a western area library.

9	GLENDALE	85303		
10	Glendale	85308	Cholla	I prefer the Heroes Park location for two primary reasons: Locating it in a park with playgrounds, sports area and picnic areas would have a synergistic effect, making it more appealing to young families who might use two or more of the areas, including the walking areas along the canal. Also, having the police and fire stations close would give an added sense of security. Afraid parking, etc, could be a problem at the 95th Ave & Maryland location on game days and busy shopping season. Really like the outdoor areas in the Heroes Park concept, along with the designated areas for different activities. If I were a young mother with several small children, the park would be sooo much more appealing and easy to take the children.
11	Glendale	85303		The many activities around the Glendale media center location concern me. I find the parking and driving through that area to be frustrating. The thought of parking in that huge lot around the Arenas would be a deterrent to my using the library, were it to be located there. I avoid using the area whenever there are events scheduled, or during the holiday shopping season. The Heros Park area is useable throughout the year without concern for sports or shopping activities. Using the library is supposed to be a relaxing journey. The park setting would provide that. In addition, the park is within walking/biking distance for many families in the area. I would not feel comfortable walking/biking to the Media Center location with my grandchildren. I simply would not use a library located in the Media Center.

83	Glendale		Barrel	There are so many negatives to the Glendale 11 Media Center site. Parking, especially parking during events would be problematic. There are safety concerns, too. Has a structural engineer looked at floor load issues? When the Main Library was being built, books were stored in the then empty third floor of City Hall. Boxes had to be stored on beam and girder lines because they have such a big floor load. Another concern I have is the emphasis on expensive gadgets. Has anyone contacted other libraries with green screens to see what actual usage figures are?
84	Glendale	85310		This area needs a LIBRARY!

No.	City:	Zip Code:	Council District:	Please provide any additional comments:
174	Glendale	85306		The largest flaw I find with the new library plan has to do with the Children's area (my old area of expertise; I was a COG librarian for years at VTL). This library should have a DEDICATED, INDOOR space for story time (that could double as storage for youth dept needs, i.e. puppets, crafting supplies, summer reading special programs/supplies, etc.). Youth area storage needs are substantial - - it's a simple fact. Current COG libraries HAVE the dedicated areas andyouth staff (and many patrons!) can attest how well those areas are used. Statistically (on a national level) youth depts are a major draw for the library - - an indoor story time area is a key factor in making this happen at our newest library (story time outdoors when it is cold, wet, or more often 108 degrees really doesn't work). Take 30% to 40% of the multipurpose room on the east side of the building (the one right next to the youth and teen depts.!!), add a door for entry from the children's side and turn it into a dedicated story time room. With some proper cabinets put in the area will serve as children's storage and can host youth and teen events in their own areas of the library! This requires very minimal design changes (basically adding a door - - there is a perfect little alcove from the youth area for this) and a wall to divide it from the multipurpose area. Some may suggest a retractable wall to divide the current multipurpose room would be enough. From a sound level point of view that would be a mistake. It also voids the safety of any storage for the youth area. Build the wall, create the space and "they" will come! (By the way, if the large multipurpose room is in use then having a backup for small groups alike adult book clubs, etc. is a great advantage!) Also...Enclose the entire front of the coffee area with a glass wall. Put up signage asking (not demanding) that patrons keep food and drinks in this area for the protection of library property. Yeah, it won't always work but creating that boundary will definitely help without cutting off sight lines. Also, I would "square off" the magazine area, thus squaring off the coffee area. Put your counter seating for the coffee area on the east wall and you're all set. Finally, I think your asking for trouble with the second mutlipurpose having only one way in and out (the one on the East side). No staff can see or hear what is going on in there and experience teaches that can be a REAL problem. Cut if off now while you have a chance. Create sight lines or put in more doors (perhaps from Teen area?) that have an upper half as glass. It keeps it quiet in the multipurpose area but also keeps it "honest" for those who would use an unobservable area for ill will.
175	-	-		Physical Survey - Velma Teague
176	Glendale	85303	4	Physical Survey - Velma Teague Heroes is the perfect setting. Several elementary schools nearby & Independence High School. Children can walk to Library, also Library would be situated in a neighborhood. Easy access.

PAVEMENT MANAGEMENT PROGRAM PRESENTATION
Staff Contact and Presenter: Jack Friedline, Director, Public Works
Staff Presenter: Vicki Rios, Interim Director, Finance and Technology
Staff Presenter: David Beard, City Engineer
Staff Presenter: Max Morales, Streets Superintendent

Purpose and Policy Guidance

This is a presentation to City Council updating the Pavement Management Program for the City of Glendale. Staff is presenting to Council a five-year plan on the Pavement Management Program which was developed by staff, based on IMS Infrastructure Management Services, L.L.C. (IMS) Pavement Management Analysis Report. The update will include a summary of overall conditions of the city's road network, as well as a plan to maintain the road network over the next five years. Staff is seeking Council guidance and approval with regard to funding and implementation of the Pavement Management Program. Specific street segments being treated will be brought to City Council through contract approval requests over the five year period.

Background

The city has over 110 miles of arterial and 638 miles of residential and collector roadways. This nearly seven hundred fifty miles of paved roads represents over $1 billion of replacement cost in today's economy.

A Pavement Management Program identifies objectives, prioritizing maintenance requirements obtaining maximum pavement life, and ultimately protecting the investment made in the roadway system. IMS collected pavement data on the roadway network and developed a pavement condition rating for all city street segments.

The arterial and residential pavement conditions were evaluated and assigned a value from 1 to 100 based on surface distress, roughness, and structural assessment. This value is known as the Pavement Condition Index (PCI).

The scale for the PCI is as follows:

85-100	Excellent
70-85	Very Good
60-70	Good
50-60	Fair
40-50	Marginal
25-40	Poor

0-25 Very Poor

The PCI provides a valuable assessment tool for understanding the pavement quality for each street in the city. Streets repaired when having a PCI in the fair or good condition range will cost less over their lifetime compared to streets that are allowed to deteriorate to levels below fair condition and then are in need of reconstruction. Therefore, prioritizing streets for annual maintenance and selecting the type of maintenance treatment is based strategically on investing the most resources into improving the streets in fair to very poor condition. The remaining funding is applied to maintaining street segments above 60 PCI that are currently in good or above condition.

In December 2013, staff provided Council with a copy of the Pavement Management Program Report that covered roadway maintenance from FY2014 to FY2019. Funding for the Program came from Highway User Revenue Fund (HURF) and Glendale Onboard! (GO) sales tax dollars and represented a proposed annual average value of $7.2 million.

A new report delivered by IMS in November 2015 showed an average PCI drop from 72 to 65.5 as a result of deferred maintenance. Due to these new conditions, an updated plan is necessary.

Analysis

Street segment rehabilitation in the last two Fiscal Years represents over $15 million of a combination of surface treatments, and mill and overlay, not including a $7.5 million contract scheduled for Council approval in spring 2016, representing 54.6 residential, collector, and arterial miles of street rehabilitation.

Five-Year Plan (FY 2017 through FY 2021)

Starting in FY 2017, staff is proposing a five year program that reflects $9.0 million annually to address street segments in need of surface treatments, and mill and overlay, with $7 million in HURF funds and $2 million in GO funds. Starting in FY 2018, the program would add an additional $26.5 million in funding or $6.6 million on average per year for the next four years to accomplish reconstruction/rehabilitation of street segments deteriorated to the point where other treatments are ineffective. The $26.5 million could be financed using general obligation bond funding which is currently authorized; however, it is subject to available debt capacity. General Obligation bonds are repaid through an annual secondary property tax levy. Currently, Council direction has been to not increase the secondary property tax levy. It should be noted that issuing general obligation bonds to fund this program could impact the City's ability to finance other infrastructure projects. Therefore, the amount and timing of any actual general obligation bond funding will have to be analyzed and brought forward to Council for consideration. In addition, approximately $1.2 million in HURF Operating funding is programmed for street maintenance activities such as localized asphalt and concrete repairs.

If directed by Council to proceed with this plan, staff will evaluate the general obligation bond funding capacity and revise the FY16-17 budget and Capital Improvement Plan (CIP) as appropriate.

On-Going Funding Recommendation

The IMS report recommended 5 year average expenditures of $15.5 million annually to maintain a PCI rating of 65.5. Starting in FY 2017, through the life of this five-year plan, $9 million annually is available to be programmed in the CIP as well as $1.2 million in on-going operational funds to maintain the surface

conditions of the roadway network. The plan will require up to an additional $26.5 million or an average of $6.6 million per year in other funds to meet the recommended service levels during FY 2018 - 2021

Previous Related Council Action

On February 23, 2016, Council approved Amendment No. 1 to the Construction Agreement with Combs Construction Company, Inc., for the FY2014/2015 Mill and Overlay Project in the amount of $1,233,801.29.

On June 23, 2015, Council approved a Construction Agreement with Combs Construction Company, Inc., for the FY2014/2015 Mill and Overlay Project in the amount of $6,408,798.31.

On June 9, 2015, Council approved a Construction Agreement with VSS International, Inc., for the Pavement Slurry Seal Phase Two in the amount of $883,000.

On March 24, 2015, Council approved a Construction Agreement with Southwest Slurry Seal, Inc., for the Pavement Slurry Seal Phase One in the amount of $1,450,825.

On November 24, 2014, Council approved a Professional Services Agreement with Ritoch-Powell and Associates for design and construction administration services for the Pavement Management Program.

On September 23, 2014, Council approved a Construction Agreement with Cactus Transport, Inc., for Pavement Overlay and Reconstruction Project in the amount of $2,389,214.

On September 23, 2014, Council approved a Construction Agreement with Viasun Corporation for Pavement Slurry Seal Project in the amount of $657,715.

On June 20, 2014, Council approved a professional services agreement with IMS to collect pavement data and develop a Pavement Management Analysis Report.

On December 17, 2013, staff presented the updated Pavement Management Report at the Council Workshop and communicated intended activities outlined in the five-year plan.

Community Benefit/Public Involvement

Well maintained infrastructure is an important element of strong neighborhoods and business corridors, and is critical for the attraction of quality economic development.

Addressing the streets identified for repair and maintenance in the city's Pavement Management Program allows for a prioritized approach to maintaining and extending the serviceable life of the roadway network in Glendale.

Budget and Financial Impacts

Funding is available in the FY 2016 - 2025 Capital Improvement Plan Budget for Pavement Management, annually in the amount of $9,000,000. Total funds are expected to be $45,000,000 over the term of the

program; contingent upon Council Budget approval. The remaining $26.5 million needed to fully fund the program could be financed using general obligation bond funding which is currently authorized; however, it is subject to available debt capacity.

Additional funding is available in the FY 2015 - 2016 Public Works Operating and Maintenance Budget, in the amount of $1,198,748. Total funds are expected to be $5,993,740 over the term of the program; contingent upon Council Budget approval.

File #: 16-123, **Version:** 1

COUNCIL ITEM OF SPECIAL INTEREST - BOARDS AND COMMISSIONS
Staff Contact and Presenter: Michael D. Bailey, City Attorney

Purpose and Policy Guidance

At the January 19, 2016 Council Workshop, Councilmembers requested an overview on boards and commissions as a Special Interest Item. This is for information only.

Background

On January 19, 2016, at a Council Workshop, Councilmembers Malnar and Tolmachoff requested staff to conduct additional research on rules, procedures, roles and responsibilities pertaining to Boards and Commissions.

There are currently seventeen (17) active Boards and Commissions with the City. Each board and commission has specific requirements as determined by Glendale City Code, City Ordinances and Arizona Revised Statutes. The attached report provides a summary of each of board and commission including a description of the responsibilities and roles, membership requirements, term, term limits, chair selection and references.

Analysis

During the January 19, 2016 Council Workshop, staff was directed to respond to the following questions:

Can legal staff provide an overview of the roles and responsibilities of the various boards and commissions based on current State Statute, Ordinances and the City Charter?

- The attached report provides a summary of each board and commission including descriptions of the responsibilities and roles, membership requirements, term, term limits, chair selection and references.

Is there a reason in the Charter, Code or Guidelines that prevents a board member from serving on more than one board or commission? Are we currently following the rules?

- There are currently no rules within City Code or City Charter limiting a member from serving on more than one board or commission.
- Since there aren't any restrictions preventing a board member from serving on more than one board or commission the City is currently in compliance.

Are there any rules to prevent someone from serving more than two (2) two-year terms?

- Each board and commission has specific guidelines and/or restrictions. The Glendale Arts Commission, pursuant to Glendale City Code Chapter 2, Article VI, Section 2-228 has a term limit of

two (2) consecutive terms of two (2) years. Others, such as Aviation Advisory Commission and Boards of Adjustment do not have term limit restrictions.

powered by Legistar™

CITY OF GLENDALE
BOARDS AND COMMISSION SUMMARY

ARTS COMMISSION

MEMBERSHIP: 7 Members

- 1 appointed by Mayor
- 1 appointed by each district (6)
- Residency not required

CHAIR SELECTION: Chair and Vice-chair selected by Council

TERM: 2 years

TERM LIMIT: 2 consecutive terms of 2 years

REFERENCE: Glendale City Code Chapter 2, Article VI, Section 2-228

DESCRIPTION: Develop an annual art projects plan with the appropriate city staff for the purpose of making recommendations to the city council; Assist with the selection and commissioning of artists with respect to the design, execution and placement of works of art for which appropriation have been made; Review grant applications and recommend funding for grants awarded to non-profit organizations and/or government agencies for supporting performing arts projects and programs held within the Glendale City limits.

AVIATION ADVISORY COMMISSION

MEMBERSHIP: 8 Members

- 1 appointed by Mayor
- 1 appointed by each district (6)
- Residency in City is required
- 1 member will be a representative of Luke AFB (Residency not required)

CHAIR SELECTION: Chair selected by Council

TERM: 2 years

TERM LIMIT: No restriction

REFERENCE: Glendale City Code Chapter 7, Article III, Section 7-30

DESCRIPTION: Advise City Council on the following matters: Maintenance and operation of the airport; airport rules and regulation; proposals for airport development; fees imposes by the City at the airport; leases of city property at the airport; land use policies at the airport; role of the airport in statewide air transportation; safety matters under jurisdiction of the airport; capital improvement programs; noise concerns; such other matters as City Council may periodically direct.

BOARD OF ADJUSTMENT

MEMBERSHIP: 5-7 Members

- 1 appointed by Mayor
- 1 appointed by each district (6)
- Residency in City is required

CHAIR SELECTION: Chair and Vice-Chairs elected by Council

TERM: 2 years

TERM LIMIT: No restriction

REFERENCE: Glendale City Code Appendix A, Article III, Section 3.103

DESCRIPTION: The Board of Adjustment is a quasi-judicial body created to hear requests for relief from the terms of this ordinance and to hear and decide appeals from decisions of the Planning Director.

CITIZENS BICYCLE ADVISORY COMMITTEE

MEMBERSHIP: 8-11 Members

- 6 At-Large seats members appointed by council
- 1 Appointed by Mayor
- 3 Members appointed by Council
- 1 CTOC Seat
- Residency in city is required

CHAIR SELECTION: Chair and Vice-chair appointed by Council (1 year terms)

TERM: 2 years

TERM LIMIT: No restriction

REFERENCE: Glendale Citizens Bicycle Advisory Committee By-laws

DESCRIPTION: Support the Bicycle plan by (but not limited to): providing advice to City staff and Council through the Citizens Transportation Oversight Commission (establish essential policies, rules and regulations relating to the planning, acquisition, operation, use, care and maintenance of bicycle and pedestrian facilities, stressing the need for bicycle and pedestrian considerations in the development review process, being advocate for bicyclists and pedestrians); Planning and assisting with programs such as: safety education, bicycle plan implementation and refinement, improvement of adult and youth bicycle riding skills and promoting bicycling and walking in the City.

CITIZENS TRANSPORTATION OVERSIGHT COMMISSION

MEMBERSHIP: 11 Members

- 1 appointed by Mayor
- 1 appointed from each district (6)
- 4 At-Large seats
- Residency in City is required

CHAIR SELECTION: Chair and Vice-Chair selected by council

TERM: 2 years

TERM LIMIT: No restriction

REFERENCE: Glendale City Code Chapter 2, Article VIII, Division 6, Section 2-316

DESCRIPTION: To ensure public input and government accountability. The CTOC shall monitor the transportation fund expenditures to ensure that the voter-approved projects in accordance with Proposition 402 are completed in a timely and cost effective manner. The commission may recommend adjustments to projects when warranted to serve the best interests of the public.

COMMISSION ON PERSONS WITH DISABILITIES

MEMBERSHIP: 14 Members appointed by Council

- Residency in City is required
- Members shall be, if possible, disabled persons, representatives of agencies and employers dedicated to serving the needs of the disabled or individuals demonstration special interest, knowledge and dedication to disability issues.

CHAIR SELECTION: Chair and Vice-Chairperson nominated by Government Services Committee for final approval by Council

TERM: 2 years; term of five (5) original members shall be three (3) years

TERM LIMIT: No restriction

REFERENCE: Glendale City Code Chapter 2, Article VIII, Division 5, Section 2-311

DESCRIPTION: Advise the Mayor and Council regarding issues, regulations or policies affecting the disabled community. Shall promote recognition of the needs and contributions of disabled persons by supporting and sponsoring education about disabled persons for the general public.

COMMUNITY DEVELOPMENT ADVISORY COMMITTEE

MEMBERSHIP: 13 Members appointed by Council

- 1 appointed by Mayor
- 1 appointed from each district (6)
- 1 Representative from Glendale Elementary School District
- 5 Representatives of low-income residents/neighborhoods

CHAIR SELECTION: Chair appointed by Council

TERM: 2 years

TERM LIMIT: No restriction

REFERENCE: Glendale City Code Chapter 28, Article III, Section 28-41

DESCRIPTION: Advise, counsel and aid the City in developing, implementing and evaluating the City's community development block program. Advise, Counsel and aid the City regarding rules, regulations and policies governing the maintenance and operation of housing programs and proposals for development of additional housing. Advise, counsel and aid the City in developing, implementing and evaluating the City's Community Action Program and community needs assessment.

HISTORIC PRESERVATION COMMISSION

MEMBERSHIP: 7 Members appointed by Council

- Residency in City is required
- The Planning Director or designee shall acts as Secretary

CHAIR SELECTION: Chair and Vice-Chairperson selected by Council

TERM: 2 years

TERM LIMIT: No restriction

REFERENCE: Glendale City Code Appendix A, Article III, Section 3.104

DESCRIPTION: Work with the Planning Commission and Council on matters of historic preservation; take the initiative in bringing people together on historic preservation issues, review proposed alterations to historic properties, districts and archaeological resources through the Certificate of Appropriateness. Survey historic properties including archaeological resources recommend to the Planning Commission and Council designations for Historic Preservation Districts, etc.

INDUSTRIAL DEVELOPMENT AUTHORITY

MEMBERSHIP: 3-9 Members appointed by Mayor and Council

CHAIR SELECTION: Chair appointed by Board of Directors

TERM: 6 years

TERM LIMIT: No restriction

REFERENCE: Industrial Development Authority By-laws

DESCRIPTION: Promote industry and develop trade to stimulate and encourage the production, development and use of agricultural products and natural resources, to assist, financially and otherwise, in the rehabilitation, expansion and development of all kinds of businesses and industries which will promote and assure job opportunities, to promote the construction, improvement and equipping of residential real property for dwelling units and to promote and assure an improved standard of living and an increase in prosperity and health.

JUDICIAL SELECTION ADVISORY BOARD

MEMBERSHIP: 7 Members

- 1 Superior Court Judge
- 1 Appellate Court Judge
- 1 Member Maricopa County Bar Association*
- 1 Member State Bar of Arizona* appointed by City Council
- 3 At-large members (Residency in City is required)
- *Residency in the County of Maricopa

OVERVIEW OF AEG FACILITIES' ARENA MANAGEMENT
Staff Contact: Tom Duensing, Assistant City Manager
Guest Presenter: Mr. Chuck Steedman, AEG Facilities, Chief Operating Officer
Guest Presenter: Mr. Matt Bettenhausen, AEG Facilities, Chief Security Officer
Guest Presenter: Mr. Eric Bresler, AEG Facilities, Vice President, Content Development

Purpose and Recommended Action

This is a request for City Council to hear a presentation from AEG Facilities on their history, business model, and vision for the City-owned Gila River Arena in anticipation of a future management agreement.

Background

The current amended Professional Management Services and Arena Lease Agreement (Arena Agreement) terminates June 30, 2017. Included in this Arena Agreement is the City's option to replace the Arena Manager at any time after June 30, 2016. As any change in arena management is a complicated, multi-month undertaking, the City issued a request for proposal (RFP) on October 19, 2015 for potential arena managers with original responses due back to the City on December 11, 2015. The City received three responses to the Arena Management RFP, coordinated subsequent proposer presentations, and based on an extensive evaluation process, the City issued a Notice of Intent to Award to AEG Facilities on February 3, 2016.

Analysis

A Notice of Intent to Award begins the contract negotiation process. Staff has been in the negotiation process with the intent to award a contract at a future Council Voting Meeting. The purpose of this agenda item is to hear a presentation from AEG Facilities and understand their history, business model, and vision for the Arena. The specific contract terms cannot be discussed until the contract is brought forward for approval at a Council Voting meeting.

Community Benefit/Public Involvement

The Arena seats up to 19,000 for events and 17,125 for hockey games with 5,500 available parking spaces under its control. It serves as an anchor to the Westgate Entertainment District which is a destination center for shopping, dining, entertainment, and commercial offices. The Arena is located adjacent to the University of Phoenix Stadium, home to the Arizona Cardinals of the National Football League ("NFL"), Fiesta Bowl, and Super Bowls XLII and XLIX. The public benefits by a highly functioning Arena which supports the surrounding businesses, offers many entertainment options, and supports the local economy.
